Tenant and Façade Improvement Program

DOES EVERYONE WHO APPLIES RECEIVE \$250,000?

Program applicants may receive up to \$250,000. The total award will be dependent on the application submitted. PCR will evaluate applications for content, completeness, and consistency with the Program Guidelines to ensure the Program is administered fairly, equitably, and consistent with grant requirements. In the event that interest exceeds available funding, priority will be given to properties on Market Street and those providing neighborhood and entertainment services. The Program seeks to support Inglewood businesses demonstrating longevity both in profitability and years operating in Inglewood, and attract new, viable businesses to downtown Inglewood.

WHEN WILL THE FUNDS BE AVAILABLE?

The application period opens on June 10, 2025 and will remain open until September 8, 2025. Notices of awards are anticipated in November 2025. Grant funds will be available after grant agreements are executed, consistent with the reimbursement process described below. A second application period, targeted for Inglewood businesses being relocated due to the Inglewood Transit Connector Program, is anticipated to open in the Fall 2025.

HOW DO I RECEIVE GRANT FUNDS IF I AM SELECTED?

Grant funds will primarily be disbursed on a reimbursement basis. Following grant award, the Applicant may submit invoices for eligible design and construction work for reimbursement. In pre-approved, special circumstances, funds may be advanced.

WHAT IF I'M NOT ELIGIBLE TO APPLY FOR THE PROGRAM?

Inglewood property owners and businesses that are not eligible for the Program are encouraged to contact PCR to explore other opportunities and resources for which they may be eligible. As a Community Development Financial Institution and a designated Small Business Development Center by the U.S. Small Business Administration, PCR has experience helping businesses in Inglewood and throughout the region identify and access programs and funding available to small businesses.

HOW WILL THIS PROGRAM AFFECT THE CITY'S BUDGET?

The Program is being funded entirely through an appropriation from the State of California. Local funds are not being used for the Program.
